PANEL OF 40 JURORS SELECTED

IN THE CASE OF THE STATE AGAINST ELLIS BRADLEY.

TO TRIAL TOMORROW

Case Will be Tried in Juvenile Court as Defendant Is Under 17 Years Old.

A panel of forty jurors had been selected at noon today for the case of the State against Ellis Bradley who is charged with rape. Out of this panel, the trial jury will be selected. The jury will not be announced until 1:30 o'clock tomorrow afternoon. After the jury is announced, the attorneys will make their opening statements and the case will proceed to trial.

As Bradley is under 17 years old, the case will be tried in juvenile court with Judge Dawson on the bench. The prosecuting witness is Anna Macrander of Elmo. The state will be represented by Prosecuting Attorney Charles F. McCaffrey, Prosecuting Attorney elect, O. L. Curl, and George Pat Wright. The defendant is represented by Blagg & Ellison and Cook & Cummins.

A number of Elmo people have been subpoened as witnesses.

The panel of forty follows:

W. F. Hartman, John F. Dowden, Jerry Vaughn, James Horton, Omer Strong, Cooper Gooden, Joseph Thompson, William Osborn, D. E. Hotchkin, A. R. Robinson, Elihu Busby, Charles McCoppin, Henry Thorp, Ben Tarpley, R. L. Brown, Purd Ashford, Fred Wallace, A. H. Hughes, William Doffing, Thomas Parle, J. H. Street, George Hartley, James Murray, A. L. Nash, Louis Rogers, W. H. Swinford, J. C. Robison, Everett Moore, Frank Wallace, William Thornhill, George P. Sillers, George Patterson, J. W. Vert, C. F. Dempsey, George Davis, Ed Gray, J. R. Nelson, Robert Lyle, Albert Johnson, James Eckles.

GAME WARDEN WALLACE ON GUARD IN ST. JOSEPH

Where Federal and State Regulations Do Not Harmonize the State Law Takes Precedence.

Deputy Game Warden John A. Wallace of Maryville with other deputies has been busy in Buchanan County this week literally camping on the trail of hunters, particularly those who have been bringing down ducks at Sugar Lake in that county.

"It is true the federal game laws permit shooting half an hour before sunrise," Wallace said. "But the state law says there shall be no shooting before sunrise, and the state law has precedence. The old rule that if a state and federal law conflict the federal law has precedence, does not apply to game laws. The rule here is that the law which provides the greater protection shall apply. In this instance the state law provides the greater protection, of course. The federal law says in substance that you may shoot before sunrise in those states where the state laws do not forbid it."

Wallace pointed out that a similarity may be shown between the state law which gives open season on certain animals some months in the year, but a county court may declare a closed season within the confines of the county. In such instances the state law applies in all counties except those where closed seasons have been voted. In such a case the county law takes precedence over the state law.

The deputy wardens also directs attention to the law which forbids storing of wild game for commercial purposes.

Mr. Wallace returned today to Maryville. In a justice court in St. Joseph, seven hunters were fined $25 and costs each. The cost in each case amounted to $11. Each had been accused of shooting duck before sunrise. A hotel employe of St. Joseph was fined $55 and costs for storing 176 wild ducks.

JOHN PORTER HAS BEEN ADDED TO NIGHT POLICE FORCE

John Porter has been added to the Maryville police force. He will be a night watchman. This arrangement will provide for two night watchmen in addition to the merchant watchman.

Mayor Robinson said this morning that he had been contemplating the addition of another watchman for some time.

Porter assumed his duties last night.

S. T. C. DISMISSES FRIDAY FOR ELEVEN DAY RECESS

Fall Quarter Terminates This Week —Winter Term to Begin Monday December 4

School at the State Teachers College will dismiss Friday afternoon at 4:20 o'clock, at which time the fall quarter will formally close. School will not reconvene until December 4, when the winter quarter will begin.

On Monday, December 4, the registration for the quarter will be held and on Tuesday class work will begin.

The reason for the long vacation between quarters is because it has been deemed wise to have all of the terms of uniform length and a ten weeks course was decided upon.

NIGHT SESSIONS BY CODE BODY

EVENING MEETING HELD DESPITE VIGOROUS PROTEST.

MUCH WORK WAS DONE

Section Prohibiting Legislature From Passing Special Legislation Adopted in Committee of the Whole.

Jefferson City, Nov. 22—The Constitution Convention, now in the seventh month of its sessions and having accomplished little more than two-thirds of its task, Monday night began holding night sessions despite the vigorous protest of 15 of its members including the St. Louisans, who did not want to work at night. The session was held on motion of Joshua W. Alexander of Gallatin.

The convention did more work during the evening than it had done all day, less wild speech making marking the evening session than had been evident at the morning and afternoon meetings.

The net results of the day and night of work were tentative adoption by the convention in committee of the whole of the following:

Classification of all municipalities of the State into four groups according to population.

Imposition upon the Legislature of a prohibition against the passage of laws which the local in either terms or effect.

Provision of a means whereby cities may extend their boundary lines beyond the county in which they are situated.

The classification section provides that all cities having 25,000 population or more, which means Joplin, Springfield, St. Joseph, Kansas City and St. Louis, would compose the first class and that all cities having 3,000 population or more and less than 25,000 will constitute the second class. There are about 40 such. The third class would constitute those towns having 500 population and less than 3000, while all below 500 would be villages.

Each of these classes of cities would have to be governed by general laws if that section and the one which follows it are written into the Constitution finally, for the next section provides that:

"No law shall be passed relating to the property, affairs or government of cities or villages which shall be special or local either in its terms or effect, but all laws passed hereafter relating to the property, affairs or government of any city or village shall be general laws and in terms and effect apply alike to all cities of the same class or to all villages."

This section, if adopted, is expected to lift the legislative delegations from the three large cities above one of their present principal functions which has been to obtain salary increases for local officials at home by special legislation.

The 15 delegates who opposed holding a night session last night were: Fox, McAdams and Quigley of St. Louis; Benton, Burk, Cahill, Conwell, Cox, Haymes, Henson, Pearson, Robison, Sasse Tubbs, Wilson.

The delegates now are trying to make up their minds whether to adjourn through the period of the Legislature and return here next spring to conclude their task or to move to some other city when the Legislature convenes. The convention at its present rate of progress, is expected to require between two and three months more to get through.

Mrs. Robert Heflin went to Hopkins today to visit at the home of her cousin, Mrs. Willis Oxley.

FIRST PRIZE GOES TO WARREN CROW

IN THE IVORY PICTURE COLORING CONTEST

MANY ENTER THE CONTEST

Pictures Were Well Colored—Winners May Get Prizes at Democrat-Forum Office

Warren Crow, son of Mr. and Mrs. F. W. Crow of Maryville was awarded first prize of five dollars in cash and a wizard bubble blower in the Ivory soap picture coloring contest that has been conducted through the Democrat-Forum.

Helen Dougherty, route 4 of Maryville, won the second prize of three dollars in cash. The next five prizes of one dollar each and a bubble blower, were awarded to: Agatha C. Steinhouser, of Stanberry, Erman Barrett, Maryville, Max Kelly, Burlington Junction, Oliver Curl, Maryville and Helen Esther Davis of Maryville.

All of the pictures were exceptionally well colored and showed good taste for color combinations and much work on the part of the contestants. The art department of the State Teachers College judged the pictures in the contest.

The prize winning pictures will be displayed in the window of the Montgomery Shoe Company on North Main street.

In addition to the first seven prizes the following have been awarded honorable mention by the judges:

Maryville—Clement Abbott, Laverne Hooker, Arthur Brewer, Virginia Masters, Louise Masters, Rawlings Tinday, Virginia Larmer, Elbert Barrett, Wallace Eagle, Jean Montgomery, Charles Wesley Shinabarger, Mary Alice Arnett, Harold Frederick Davis, Loretta Behm, Thomas Eagle, Ruth Pixler, Fred Eagle, Eloise Curl, Opal Hawkins, Helen Gaugh, Chester Thompson, Lora Howe, Walter Wade, Mary Alice Charles, Marie Davis, Mildred Anderson, Nellie Marian Smith, Eudora Smith, Eldon Lavon Murray, Eugene B. Moore, Austin Shinabarger and Charlotte Smith.

Skidmore—Lola Lawson, Ruey Lawrence, Mildred Gaddy and Ernest Frederick Barrett.

Florence David, Pickering; Eva Kennedy, Barnard; Helen Comer, Parnell; Louis Harney, Pickering; Leila May Spangler, Burlington Junction; Pansy Wood, Elmo; Aleta Ruth Johnston, Burlington Junction; Marcella H. Grider, Elmo, James Edward Brady, Clyde; and Forest Ulmer, Clearmont.

All prize winners may get their prizes at the Democrat-Forum office and all receiving honorable mention may get their Wizard bubble blower.

PHILOS AND Y. M. C. A. WIN IN SOCIETY TOURNAMENT

Eurekans and Excelsiors Defeated In First Round At College Yesterday

In the first round of the inter-society basketball tournament at the State Teachers College yesterday the Philomathean literary society defeated the Eurekan society by a 21 to 6 score and the Y. M. C. A. won from the Excelsior society by a 17 to 7 count.

In the first game the Philomatheans showed good team work as a result of practice and the Eurekans played a pick-up team due to the fact that two of the players who were slated to play went bock on Captain Conners at the last minute.

Brown was the star for the Philos and the Eurekans had no stellar performers. Mapel tallied all of his teams points, counting twice from the field and twice from the foul line.

The Y. M. outplayed the Excelsiors from all angles.

Today the Philos and the Y. M. will mix and the Faculty will play the Commerce Club. The winners will play for the championship.

ST. LOUIS C. OF C. MAN IS VISITING LOCAL OFFICE TODAY

Roy S. Rauschkolb, of the development service bureau of the St. Louis Chamber of Commerce, is in Maryville today visiting at the office of the local Chamber. Mr. Rauschkolb says that the other Chambers of the state are watching Maryville to see what it does next in the community development line.

He will leave in the morning for Bosworth, Missouri.

ELKS CLUB MINSTRELS WAS A FINANCIAL SUCCESS

Performance Last Night Was Better Than That of Monday—Some New Jokes Pulled

The Elks Club Minstrels of 1922 was a success financially according to Frank Schumacher. Somewhere in the neighborhood of $200 was cleared on the two nights performances.

The show last night went off even better than on Monday night. Before a critical audience the entire cast performed better than on the first night.

The program in the main was the same except that some of the jokes were different.

A LONDON LABOR PARADE, "FIZZLES"

15,000 UNEMPLOYED WERE TO DEMONSTRATE

POLICE GUARD BUILDINGS

The Unemployed Demand Help From Parliament—Conservative Labor Leaders Opposed Demonstration

London, Nov. 22.—The hostile demonstration of unemployed against Premier Andrew Bonar Law, fizzled out this afternoon. 15,000 poorly dressed and hungry men and women, out of work, showed up this afternoon, but no effort was made to "storm Downing Street," the home of Premier Law.

London, Nov. 22—While a detachment of foot and mounted police stood guard over government buildings and the official residence of Premier Andrew Bonar Law, between fifteen and twenty thousand British unemployed workers gathered today for a demonstration on Downing Street.

Leaders among the workers predicted that 100,000 men and women would storm their way through Downing street.

The more conservative labor leaders were against the demonstration and remained away. The demonstration came after the second refusal of Premier Law to receive a deputation from the ranks of the unemployed, who sought relief through Parliament.

ST. JOE DOESN'T WANT M.H.S.-CAMERON GAME

St. Joseph doesn't want the Maryville High School and Cameron High School to play their semi-final championship football game there Friday. The reason assigned is that it would detract from the Benton-Liberty semi-final championship game that is to be played there the following day. Fred Vandersloot, principal of Benton High School, and football manager of the Northwest Missouri Athletic Association, wants the game to be played at Maryville or Cameron. Maryville doesn't want to play at Cameron and Cameron doesn't want to play here. At press time no place had been agreed upon for the game.

JOHN LUNDEEN OF QUITMAN DIES AT ST. JOE HOSPITAL

John Lundeen, who resided west of Quitman, died early this morning at a hospital in St. Joseph. He was taken to the hospital last Sunday night for an operation. The body, accompanied by relatives, arived in Burlington Junction this afternoon. No arrangements for the funeral have been made.

HENDERSON FAMILY OF SIX POISONED AT THEIR HOME.

Lancaster, Ohio, Nov. 22.—Irvin Henderson, 40, his wife and four children, Ella, 7, Helen, 6, Mayme, 4, and Christina, 18 months old, are dead at their home today the victims of poison. An unmailed letter to the Ohio Board of Health saying that they were given poison by some unknown enemy was found on the floor at the Henderson home.

Order New Ambulance

The Price Furniture Company received a new folding chair cot this morning which is to be used in their ambulence. The Company has ordered a new motor ambulance which is expected within the next week.

Mrs. J. M. Neville returned to her home in Bethany this morning after a few days visit with her grandson, Garland N. White.

FRENCH "TIGER" RECEIVES THREAT

CLEMENCEAU GETS A DEATH THREAT IN TODAY'S MAIL

GERMANS ARE PREPARING

Huns are Making Ready for Another War, Says French Statesman in First Address.

New York, Nov. 22.—A death threat was received through the mail today by Georges Clemenceau, France's aged statesman and war premier, who delivered his first American address last night at the Metropolitan Opera House here.

The letter was printed in red ink on rough notebook paper. It had no date, but was mailed at station eight, at 8 o'clock last night.

The letter signed, "We are war veterans," was turned over to the police and extra police protection given to Clemenceau. When he went to the Chamber of Commerce to deliver his lecture today he was accompanied by thirty motorcycle policemen instead of the two or three that had been accompanying him on the street.

The militarists in Germany already are preparing another war, Georges Clemenceau, war premier of France, declared last night in the first address of his American tour.

"Don't you read the newspapers?" He demanded. "Don't you know what that means?" The Tiger of France, speaking fervently before a packed house at the Metropolitan Opera house reviewed the situation in Europe, pointing to a rapprochement of the Turks and soviet Russia as ominous war clouds.

In the meantime, he declared, Ludendorff and other German militarist were planning a coup against democratic government there.

Describing the present as a time of "greatest crisis," he urged that the United States should renew conversations with France and England, which without definitely committing this country to any set program, would present to German eyes "a picture of the three unpleasant folks who faced her in the war."

He said that sooner or later America would have to interest herself in the post war affairs of Europe, because she could not continue to be comfortable and wealthy if Europe was covered with blood.

He expressed hope that the United States might establish a plan as to what was to be done in carrying out the terms of the peace treaty, and join with England and France in imposing it on Germany.

FIRST WOMAN SENATOR RELINQUISHES HER SEAT TODAY

After Brief But Impressive Speech Mrs. Felton Is, "Happiest Woman In the World"

Washington, Nov. 22.—Mrs. Rebecca Lattimer Felton of Georgia, relinquished her seat this afternoon in the United States Senate and had farewell to her masculine colleagues. After a brief, but impressive farewell speech, her first and last in the upper house of Congress, she declared that she was, "the happiest woman in the world."

BRIBERY TRIAL OF GOVERNOR ROBERTSON OPENS TODAY

Ada, Okla., Nov. 22—With a new stage but the same actors, the bribery case, involving Governor J. B. A. Robertson, charged with accepting a bribe of $25,000 in an alleged attempt to permit an insolvent state bank to operate, and James Hepburn, County Attorney of Okmulgee County, was in readiness for legal maneuvers.

The trial was opened today by Judge Thomas A. Edwards, a resident of Cordell, Oklahoma.

A GIRLS ATHLETIC CLUB IS FORMED AT THE HIGH SCHOOL

A girls' athletic club under the direction of Mrs. Verne Manley has been organized at the high school. The club is for the girls who are not taking part in the basketball and other activities. Drills and callisthentic exercises are taken by the forty girls who are members. The club meets twice a week.

Mrs. Clyde Reed of St. Paul, Minn., visited a few days last week with her uncle and aunt, Mr. and Mrs. Abe Byerrum, near Pickering. She also visited the Drs. Bone at Fremont, Neb., and on her return home will visit relatives in Montezuma, Ia.

SEVEN INJURED IN "KATY LIMITED" WRECK IN OKLA.

Northbound Train Was Running Late And Reports Say It Was Hitting 55 Miles

McAlester, Okla., Nov. 22—Six or seven persons were injured when the "Katy Limited," northbound was wrecked near here.

The train was more than three hours late and was running at a speed of fifty-five miles an hour, according to reports. The engine and six cars stayed on the track, but six pullmans were derailed. A broken rail was said to be the cause of the wreck.

L. R. Velie of Dallas, Texas and James Fitzgerald, negro porter were the most seriously injured. Others were only scratched and received minor injuries. It is not believed that Velie's injuries will prove fatal.

SEN. BROOKHART TO FIGHT FOR FARMER

NEWLY ELECTED IOWAN HAS HIS OWN IDEAS

RAPS RESERVE BOARDS

He Advocates Farmer-Labor Combination and Wants Better Credit for the Farmers

Washington, D. C. Nov. 22 (By J. Bart Campbell, staff correspondent of the International News, Copyright 1922). Direct control by permitting the farmers an active place on the Federal Reserve Board is, in the judgment of Smith W. Brookhart, newly elected progressive republican senator from Iowa, the only basis of solving the economic ills from which the producers and consumers alike are suffering.

Brookhart came here to take his place in the Senate, with the strong conviction that the farmers and laborers can stand together instead of allowing the "monopolistic interests," to keep them apart. He agreed with the joint agricultural commission that of the "consumer's dollar," the farmer received only 37 cents and the laborer only 35 cents from the dollar in industry.

"The biggest purchaser of production goods is the farmer," Brookhart declared. "They buy more than fifty per cent of the goods."

"The salvation of the farmer is co-operative marketing, of eliminating the middle-man and the most effective beginning for co-operative marketing is to gain recognition in the country's credit system, the Federal Reserve Board."

"In the whole banking system, it is estimated that the farmer represents forty per cent of the deposits, labor twenty-five per cent, 'little business,' twenty per cent, and 'big business' the balance.

According to Brookhart the Federal Reserve Board should be composed of three prepresentatives from farming, two from labor two from 'little business,' and one from 'big business.'

"That is what I favor," he said, "and I believe such a control is the key to the economic situation."

Speaking of the loans of the Federal Reserve Board, Brookhart said, "In 1921, Iowa with resources of over 300 million dollars was loaned 36 million dollars. It finally got 15 million more in overloans, but it was called back. One of the worst vices of the present system is to overloan and to call back."

"It called back 55 million dollars in overloans. Iowa was given 15 million when the board had one billion that could have readily been loaned. It will take the agricultural interests a generation to recover from the fatal blow dealt it by inflation."

LEWIS M. HALL NOMINATED FOR ST. LOUIS CUSTOMS COLLECTOR.

Washington, Nov. 22. — President Harding this afternoon sent to the Senate the nomination of Lewis M. Hall for collector of customs for the custom district No. 45 with headquarters at St. Louis.

Illinois Guest Leaves.

Mrs. Charles E. Howey of Beardstown, Ill., who spent the week end in Maryville as the guest of Miss Lottie Malam, has returned home.

Announce Birth of Son

Mr. and Mrs. L. E. Flanary, residing near Maryville, are the parents of a son, born Tuesday, November 14. The baby has been given the name, James Wilkerson.

K. K. K. OUSTER PLANS UNDER WAY

PROCEEDINGS DIRECT ORDER FROM GOV. ALLEN.

PAPERS PREPARED TODAY

Petition Asking for Restraint in Kansas Will Claim Klan Is Georgia Corporation.

Topeka, Kan., Nov. 22.—Formal steps to drive the Ku Klux Klan from the state were under way today following the ouster proceedings instigated against it yesterday in the supreme court by the attorney-general's department.

The ouster proceedings are a direct result of an order from Governor Allen in pursuance of the statement that he would drive the Ku Klux Klan from the state.

Preparation of the necessary summons and other legal matters to bring the case befdre the court were being made today. No date has been set for the hearing.

The petition asking for the restraint of further business of the Klan and its ouster from the state has been founded upon the theory that it is a Georgia corporation and unauthorized to operate in the state of Kansas.

GRAND CHAMPION WAS BRED BY BELLOWS BROS.

Supremacy Sold to Gov. A. C. Shallenberger Wins Grand Champion At Kansas City

Supremacy, bred by Bellows Bros., of Maryville and sold to former Governor A. C. Shallenberger of Nebraska while a calf won the grand champion Shorthorn female at the American Royal in Kansas City this week. She is two years old and weighs about 1,900 pounds. She has been grand champion at fairs at Sedalia, Mo., Des Moines, Lincoln, Topeka and Springfield, Ill. Supremacy also was senior champion Shorthorn female, defeating the older cow, Pleasant Averne, a huge solid white animal owned by H. C. Lookobaugh of Watontga, Okla.

TOM KING INJURED IN FALLING OFF TRUCK

Slipped and Fell on His Face—Was Picked Up Later by an Automobile Party

Tom King fell off of a truck while in motion east of Burlington Junction and sustained several injuries yesterday morning. The truck was driven by Sherman Bragg. King who was sitting in the cab of the truck with Bragg climbed out of the cab to the wagon part of the truck for the purpose of moving the tool box which was sliding around.

Bragg kept the truck in motion and thought that King decided to ride back of the cab. But King slipped and fell off of the truck on his face and was picked up later on by an automobile. Bragg did not miss him until afterwards.

Both men were working for W. W. Randall of Maryville.

PARTY FROM ROCK PORT TO ELKS CLUB MINSTRELS.

John C. Stapel of Rock Port, who was an end man in the Elks Club Minstrels, brought a party of Rock Port people to Maryville last night for the second performance of the Minstrels.

In the party were Mr. Stapel's wife and mother, Mrs. H. F. Stapel, Miss Frieda Stapel, and Mr. Fowler, who played in the orchestra for the entertainment.

Sheridan Man Elected

Byron Engle of Sheridan was elected to the board of directors of the American Hereford association at a meeting of its stockholders held in Kansas City this week.

To Blandinville, Ill.

Mr. and Mrs. Thomas Hutchison will leave tomorrow for Blandinville, Ill., where they will spend the winter with relatives. Blandinville is the old home of Both Mr. and Mrs. Hutchison. The Hutchisons sold their home here to T. A. Combs of near Wilcox who is taking possession today.

WEATHER FORECAST

Fair tonight and Thursday; warmer in the extreme north portion tonight, and in the northeast portion Thursday.

LARGEST CIRCULATION IN NODAWAY COUNTY

THE NEW TYPE OF HOUSE-WORKER.

For many years women have complained of the shortage of servants and the difficulty of finding satisfactory help in the home. While most women do their own housework now, a large number would have domestic helpers if the same could be hired at a price within their means.

Since the war it has been hard to find them. Many women regret the immigration restriction that shuts off the Poles, Swedes, Finns, etc., many of whom used to help in the kitchen. The wealthy get servants by paying a high price, but find that girls frequently refuse to do more than one line of work, and will take positions only as a cook or "second girl." The result has been the installation of many labor saving devices.

The women of the future who desire a "girl for general housework" may have to take a different type of person. In the past her maid was apt to live entirely separate from the family. Often she had to work long and irregular hours. If she was a foreigner she might be content with her own independent life, but apparently this kind of help will be cut off for many years.

To induce American born women and girls to become houseworkers, employment conditions must be attractive as in stores and factories. Many homes secure them by taking them into their family life and assuring them a reasonable degree of recreation time.

Many housewives complain that they can't find help that will do any hard work. This spirit was aggravated by war conditions, but eventually people will learn they must work to accomplish anything. Many women are much better fitted to housework than to business. If conditions are made reasonably attractive, they should not let any old prejudice keep them from an occupation that should be healthful and comfortable.

In calling an extra session of congress to pass a ship subsidy bill after the recent elections, President Harding displays the rare courage born of a man whose judgment is in error. Some men get by in displaying a determination to stick to the wrong thing. It might be well in this case not to try to father too many errors. The tariff bill is already a great handicap.

Senator Newberry's resignation ends an unpleasant chapter in national politics. Senator Newberry admittedly spent a large amount of money to be elected to the senate and managed to hold his seat legally, but he couldn't hold it against an outraged public sentiment. It will be a relief to his friends and a notice to aspiring gentlemen in all degrees of life that political preferment can not be bought and maintained by money alone. Newberry is probably a better man than others who came into their positions by legitimate means. He came into great wealth through marriage and, not being familiar with political life, got the idea that an office could be bought and paid for like an article of merchandise. It has been the custom in the state of Michigan to spend unreasonable sums of money in elections and the public conscience there became callous to what was going on just as any community learns to embrace any vice after it has endured it a certain length of time. Mr. Newberry knows better now, the State of Michigan has had a valuable lesson and the nation at large has a wholesome example of the futility of trying to become a statesman through the crude and flagrant use of money.

There is an old saying that "most of us dig our graves with our teeth." And it is too often true. People learn how to eat and what to eat and what not to eat and then go along and follow their appetites. A teer or most any other dumb brute will obey his instinct and refuse to eat such stuff as does not agree with him. He takes care of his stomach when it needs protection but the average person does not.

Announce Birth of Son.

Mr. and Mrs. W. C. Duff, living near Maryville, announce the birth, Tuesday November 21, of a son. The baby has been named Le Roy Clinton.

Things Seem to Be Looking Up in Russia

These photographs, just received from Russia, indicate that conditions there are gradually improving and that the people are better fed and garbed than they have been for some time. Above is a typical crowd at a railway station. Below, part of a throng of 75,000 young communists gathered to listen to speeches by soviet officials.

Forumettes

It is a whole lot cheaper
To drive carefully than it
Is to enrich the city's
Coffers by paying fines.

Another judge, we read, has held it unlawful for a wife to go through her husband's pockets. Who cares for law anyway?

Perhaps the only reason some people smile is to show their gold teeth.

The chances are, the observer of the passer-by remarked to us the other day, that the man and wife who act like turtle doves out in company act like wild cats at home.

No brother, the Golden rule was not intended for the other fellow alone to follow.

One of our merchant friends who deals in shoes tell us that he can't decide whether or not to take the galoshes out of the moth balls.

The chief remarked to us the other day that he has yet to arrest a high school student for speeding while on the way to school.

Uncle Abner, the local philosopher, says many a man has bought a used car only to discover it was a misused car.

Even at this late day we bet there are a lot of boobs who will not trust banks and park their money in an old clock.

Even if the rich have their troubles most of poor fellaus would gladly change places with them.

In a picture theatre the other evening a clock was flashed on the screen and the man next to us took out his watch and set it the time shown.

It is not always wise to call a man a fool as he may be wise enough to resent it.

It is proper to
Put your best foot
Forward if only you
Don't let it slip.

One of our salesmen friends at a Maryville store tells us that the patent leather shoe is coming back and will be very popular with local bounders this winter. Will match their varnished hair, we opine.

Louise, the stenographer, says she can't understand why they call a divorced woman a grass widow as the few she has known in Maryville are anything but green.

The chances are if things don't come your way you are travelling on the wrong highway.

A girl over in Barnard writes to the editor of Forumettes to ask what to do about chaps now that cold weather is coming on. Any girl in Maryville knows what to do about chaps, we bet.

Charity may cover a multitude of sins but ignorance generally covers twice that much.

Vagrant Musings.

"Lips that touch liquor" never tell where they got it.

Some people can't even break phonograph records.

How can you love "thy neighbor as thy self" when the neighbor has a daughter who takes piano lessons and a son who gives his trombone a work out every day?

All of us are finding soft coal is hard to buy these post strike days.

Wonder what has happened to the tango!

A lot of people gaze in shop windows to see themselves and not the goods displayed.

They still have a lot of toll gates on the road to success.

Which do you think can tell the biggest lies, golf players or fisherman?

Motoring may be healthful for the man in the car but not the pedestrian.

We suppose the gas meter is all ready for winter.

Our Vaudeville Patter

Pitter—Did you ever pin your faith on a woman?

Patter—Yes and I got stuck too.

BILL FOR STATE POLICE WILL BE INTRODUCED

To Come Up Before Legislature—Now Used in Ten States.

A bill for the establishment of a state police will be introduced at the next session of the legislature. The bill was brought before the last session but was defeated because of lack of support. The Missouri State Police Committee was organized in St. Louis to arouse interest in the establishment of a unified police system comparable to that in effect in other states.

The bill proposes that there shall be a state chief of police, appointed as commanding officer, by the governor, with the advice and consent of the senate. This chief shall have the power of appointing other officers for the districts which will be under the protection of troops. There will be between three and seven districts for troops, and each troop shal consist of a captain, two lieutenants, four sergeants, eight corporals and fifty privates. The Governor shall have the power to remove the chief and assistant chief from office if their work is not satisfactory.

A system of state police is used in two states while several others are advocating the system and attempting to secure legislation in favor of the project. The New York system was established in 1917. The control is situated at the state capital, and in various sections of the state there are stations, from which radiate substations. By this means the entire state is enmeshed in a unified protective system which can be brought into play at short notice. The police in Pennsylvania use motorcycles, horses, automobiles and airplanes.

A feature of the plan is a bureau at the state capital which collects and files information regarding people wanted by the law enforcement officials.

The need for more adequate protection is being felt strongly in Missouri. With a system of mounted police, crime does not have such a good chance.

A report made by Inspector Moore of the New York force, contrasts strongly with information given the Missouri Bankers' Association. In New York, in eighteen months, there were only two bank robberies outside the large cities, while in Missouri, in only twelve months of that time, there were forty-nine robberies.

Revenue law enforcement is as much a part of the work as getting criminals. In New York, the state police turned in an amount equal to seventy-six per cent of its upkeep in revenue that the state would never have obtained otherwise.

It is believed the cost of such a system would hardly be felt in Missouri because of the additional revenue that would be collected. It is said that the cost of such a system would be approximately $500,000.

A strenuous campaign is to be carried on over the state by the Missouri State Police Committee, which is a non-political organization.

WOLFERS STORE TO HOLD CLOSING OUT SALE AT PICKERING.

The Wolfers Mercantile Company at Pickering is to hold a closing out sale commencing Friday. This company has been unable to find a buyer for their store and have placed it in the hands of the Pierpoint Bros., merchandise brokers of Omaha, Nebr., to sell.

This store was established at Pickering by the late Charles A. Wolfers in 1877.

ANNOUNCE OPENING OF SHOE SHOP TODAY IN FT. WORTH, TEX.

An announcement has been received that W. B. Taylor and H. K. Taylor, Jr., sons of H. K. Taylor, former president of the State Teachers College, today opened Taylors Footwear Supreme Shop, for ladies exclusively, at 414 Main street in Fort Worth, Texas.

H. K. Taylor, Jr., was at one time an employee of the Montgomery Shoe Store.

Miss Wallace Is Chosen Sponsor

Mexico, Mo., Nov. 22—Miss Neva Wallace has been chosen Sponsor for the High School Department of Hardin College for 1922-23. Miss Wallace is Head of the English department in the college preparatory work, and takes an active part in many of the college organizations.

CLARINDA CAR STOLEN BY HAWK LAST AUGUST

Car Was Found With Dozen Other Cars on a Ranch Near Casper, Wyo.

The following is taken from this week's Clarinda Herald and the man Hawk mentioned in the article is probably Henry Hawk who is now in jail at Casper, Wyo., facing trial in district court at Cheyenne, Wyo.

Charles Swanson reached home Saturday afternoon, from his long trip to Wyoming, to testify as a witness in the case of his Dodge car which was discovered with a dozen other cars on a ranch near Casper, Wyo.

Mr. Swanson's trip led him to Cheyenne, Wyo., the capital of the state, where a federal court is located, who were trying the case of the six men arrested for stealing cars and having them on a ranch near Casper. Mr. Swanson's testimony was not needed after all, as, before he arrived the man who stole the Clarinda car confessed to it, so there was no need of identifying it, and Mr. Swanson got his ride out and back at government expense.

It seems that Hawk pounced down last August and stole the Swanson car. At least the man gave his name as Hawk to the officers, though his name may be entirely different. A man who would steal a car would do almost anything. The rendezvous of the robbers on the Casper ranch might have never been known, but the thieves fell out among themselves, so Hawk "peeked" on the others, telling the officers who promptly copped the cars.

There was no Clarinda name plate on the Clarinda car, after all. The name plate and other means of identification had been removed. In fact Mr. Hawk said he had been back in Oklahoma with the same car, since the night he broke the padlock at the Swanson garage and drove the car away. He told the story of having been in a Ford near Clarinda, when the car stopped—ran out of gasoline or something. So he walked into town and picked out the Swanson Dodge as his favorite to ride west in.

The day before Mr. Swanson arrived in Cheyenne a number of cars had become stuck in the snowdrifts near the town, where a heavy snow had fallen. The government caterpillar driver volunteered to push out through the snow breaking a pathway, and help get the cars and their occupants to town. So one by one the cars were pulled back in the track and sent to town.

GIRLS NEED AT LEAST $18 WEEKLY PAY, VIEW.

New York, Nov. 22.—Eighteen dollars a week is the minimum salary upon which a girl can live comfortably and decently in New York City, Miss Cornelia E. Marshall, president of the Association to Promote Proper Housing for Girls, declared at the recent two-day conference of the organization.

U. S. DOESN'T UNDERSTAND FRANCE, SAYS TAUFFLIEB

French Senator In Report To Foreign Affairs Committee Tells of U. S. Welcome.

Paris, Nov. 21.—"The United States knows nothing of our situation," says General Taufflieb, who has just returned from America. In his report to the Senate Committee on Foreign Affairs he tells of his warm welcome in all parts of the country, "even in Milwaukee," to quote the General.

General Taufflieb is Senator from the Bas Rhin. He regrets having found the United States in complete ignorance of the situation in France. He was pained to find that the needs of the devastated regions and the financial Americans.

"France's militarism is greatly criticized. There is no permanent military system in America," continues the General, "and it is certain that the Washington Conference has left a bad impression.

"All this has been used against us by German propagandists, and there is no propaganda service maintained by France in America. The German-Americans have joined with the Irish. The result is a strong campaign in favor of the independence of Alsace and Lorraine. My presence as Senator from Alsace and my hearty protests against such prepaganda had made a good impression.

"There is but one thing to do to counteract this situation, and that is the founding of a bureau of propaganda in the United States. This office should be accurately informed that it may answer officially all questions asked. There should also be a semi-official office for the information of the press."

Nearly half the exports of corn from the United States in 1921—58,582,806 bushels—went to Canada, according to the United States Department of Agriculture. Much of this corn, however, was later shipped to Europe, Canadian statistics showing that only 12,000,000 bushels were imported from the United States for consumption.

ENGELMANN'S FRESH CUT CHRYSANTHEMUMS

are the sensation in flowers at this season. It is worth your while to visit Engelmann's Greenhouses and see the different kinds in bloom now. Engelmann's Chrysanthemums are a Nodaway County product that everyone can be proud of.

Public Sale

We will sell at the farm 4 miles east of Skidmore and ½ mile south of the Peace and Harmony schoolhouse at the feed lots on

Monday, Nov. 27

beginning promptly at 12 o'clock the following described property:

CATTLE—180 Head—Consisting of 126 head o fcoming 2-year-old steers; about 20 head of short yearling steers and 38 head of coming 2-year-old heifers, some of these heifers are heavy springers and they will be sold in one bunch; full blooded Whiteface coming 2-year-old bull. These cattle are all good quality Whiteface and were bought by us in Kansas City two months ago to cattle down twenty-five acres of stump land corn and clean up some bluegrass pastures. Many of them are fat enough to go to the killer and will make an ideal bunch to put on short feed, as they are fully warmed up, having run in the corn field for the past six weeks. They would also make a splendid bunch of cattle to carry over to next summer's grazing and summer feeding. If you have some cheap feed and want something in the cattle line strong and vigorous to rough through to grass, we think we have what you want and we know we have what will suit you if you want a lot of cattle to finish out in 30 or 60 days on corn.

HOGS—85 Head of Open Gilts—The gilts we are offering were bought within the last 30 days as open gilts, double treated for cholera, being some of each of the following breeds: Poland-China, Duroc and Hampshire.

DALE PARTRIDGE has a few thoroughbred Duroc boars, double treated, that he will offer for sale at the same time.

TERMS—3 to 9 months on approved notes, 8%.

Lunch by the ladies of the Palestine Church will be served on the ground so that all can get an early dinner and have the sale start promptly at noon.

S. H. Kemp

R. P. Hosmer, Auctioneer.

Society

Royal Neighbors.

The Royal Neighbors will meet at 2:30 o'clock tomorrow afternoon at Modern Woodman hall.

Mrs. Larmer Hostess

The Woman's Home Missionary Society of the First Methodist Church will meet at 2:30 o'clock Friday afternoon at the home of Mrs. Robert Larmer, 623 North Buchanan street.

Elks Thanksgiving Dance.

Members of the Elks Club will give their annual Thanksgiving dance Tuesday night, November 28, at the club house. The dance will be a semi-formal affair.

Y. W. A. Meets

The Y. W. A. of the First Baptist Church met at 6:45 o'clock Monday evening at the home of Miss Mildred New, two and a half miles southwest of Maryville. A short business session was held and it was decided to meet every two weeks with Mrs. J. A. Speirs, the teacher, to sew for the Orphans Home in St. Louis. Two standing committees were appointed. After the business session a program on "Some Health Questions" was given with Miss Neva Ross as missionary leader. At the close of the meeting refreshments were served by the hostess. The next regular meeting will be held in two weeks at the home of Miss Evangeline Bithos on West Fourth street. The club members present were Mrs. Speirs, Misses Azora Eisenman, Frances Ledgerwood, Mildred Piveral, Evangeline Bithos, Neva Ross, Gladys Ross and the hostess.

Tourist Department.

An interesting meeting of the Tourist Department of the Twentieth Century Club was held yesterday afternoon at the home of Miss Ruth Matter on South Mulberry street. Mrs. R. L. McDougal was the leader of the November program on "The Alchemy of Time." The following program was given:

"Beans and Brains," Mrs. C. F. Remus.

"Chansons and Chivalry," Mrs. Elmer Fraser.

"The Melting Pot," Mrs. M. G. Tate.

Prominent Persons—Horace Mann, elocutionist, Mrs. J. C. Allender.

Current Events, Mrs. Lincoln Bent.

The December meeting of the department will be held at the home of Mrs. Louella Landfather on West Third street.

Celebrate Mr. Koger's Birthday.

In celebration of the seventy-second birthday anniversary of James Koger, 140 relatives and friends gathered at the Koger home near Pickering Sunday. Each family brought a well filled basket and a delicious dinner was served at noon. Those present were Elma Koger and family, John Koger and family, Jim Murray and family, Doll Nicholas and family, Ed Sexson and family, Ed Hornbuckle and family, Mae Ulmer and family, Fred Pfeiffer and family, George Sexson and family, Harley Sowers and family, Sid Ewing and family, John Sexson and family, Charley Neal and family, John Knisely and family, Irvin Perry and family, Sam Bays and family, Harry Hartness and family, Charles Hornbuckle and family, Curtis Rachau and family, Gayiord Reynolds and family, Jim Neal and family, Tillie Hornbuckle and family, John Whitten and family, John Carmichael and family, Pearl Pence and family, Alvin Trueblood and family, Lafe Blanchard and family, Ed Van Pelt and family, John Dieus and family, Amos Hayes and family, Martin Burch and family, Everett Morrison and family, Heman Sears and family, John Cooper and family, Mrs. Maggie Latimer, Mrs. Nan Cooper, Mrs. William Chambers, Mrs. James Edwards, Mrs. Susan Hayes, Miss Irene Pence, Miss Gladys Hornbuckle, James Koger, John Farrens, George Reynolds, Loren and Irvin Chambers, Eddie and Joe Gray, Ivor Latimer, James Edwards, Jake and Forrest and Milo Porterfield.

Thanksgiving Program

"Thanksgiving" was the subject at the semi-monthly meeting of the Mutual Improvement Circle which was held yesterday afternoon at the home of Mrs. Louisa L. Catterson on North Main street. The devotions were led by the hostess, and in response to the roll call the members gave Thanksgiving quotations. An original Thanksgiving story was given by Mrs. W. A. Bailey, and Mrs. Floyd Ambrose told of the "Landing of the Pilgrims." The program was closed with a dramatization of the "Courtship of Miles Standish," which was presented by three of the members. The list of characters included: Priscilla, Mrs. J. P. Price; Miles Standish, Mrs. I. E. Tulloch; and John Alden, Mrs. W. B. Price. The guests of the afternoon were Mrs. Irvin Will and Mrs. Roscoe Heifner and her guest, Mrs. H. Bergdahl of Hannibal. Eighteen members were in attendance.

De Molay Party

The annual Thanksgiving party of the Maryville Chapter, Order of De-Molay, will be given tomorrow night at the W. O. W. Hall. The decorations will be suggestive of the season and music will be furnished by an orchestra of five pieces. Dancing will be enjoyed from 9 to 12 o'clock. 400 invitations have been issued.

A. A. U. W. Meeting.

A postponed meeting of the Maryville Branch, American Association of University Women, was held last night at the home of Mrs. J. D. Ford on North Buchanan street, with Miss Mary MacLeod, Miss Anne Dudley Gibbs, Miss Laura Hawkins and Miss Dora Smith as hostesses. The report of the educational committee was considered and recommendations were made to the committee. An interesting letter was read from Miss Anna M. Painter who is in Paris taking special work. Mrs. Luther A. Richman told of her trip to England, Scotland and France last summer and referred to the reconstruction work since the war in the latter country. Miss Mae Corwin spoke on her recent trip to the Bermuda Islands. Refreshments were served at the close of the program. Mrs. Richman, Mrs. Kirker Sawyers, Miss Mattie Dykes and Mrs. Forrest T. Gillam were taken in as new members, and additional guests were Miss Lois Nash, Mrs. Frank Lawrence, Mrs. A. J. Caulfield, Mrs. Ella Parr and Mrs. J. D. Ford.

The annual Christmas banquet of the Association will be held on the evening of December 10 at one of the hotels. Arrangements for the affair are in the hands of Miss Mae Corwin, chairman of the program committee.

OPERA "ROBIN HOOD" AT EMPIRE DEC. 13

Standard Attraction is Secured by Albert Kuchs, Manager of the Empire

The opera "Robin Hood" will appear at the Empire theatre in Maryville on Wednesday evening, December 13. Albert Kuchs, manager of the theater, is very fortunate in getting this attraction as it only goes to cities much larger than Maryville. The company had an open date that week, and are billed to appear at the Brandeis theater in Omaha, then at Lincoln, Shenandoah, Ia., and Maryville. From Maryville the company will go to Atchison, Kas., and then to St. Joseph.

Mr Kuchs and the advance man for the company were in conference with Charles R. Gardner of the Conservatory of Music department of the State Teachers College this morning. Mr. Gardner expressed himself as well pleased with an attraction of this kind and said he would co-operate with Mr. Kuchs in seeing that a good crowd would attend the show.

Radio fans in Maryville will be able to hear this company as the opera is to be broadcasted by the Norfolk, Nebr., Daily News on December 1 at 4 p. m.

There are forty members in the company. They carry their own orchestra.

A LARGE CROWD ATTENDS THE BLOOMFIELD MEETING

Nodaway County Films Were Shown and Program Given by Pupils—Elna Scott Is Teacher

The Nodaway County Agricultural Films were shown at the Bloomfield School last night. The students of the school put on a peppy and interesting program to a crowded house, in fact all the people could not get into the schoolhouse that came to the meeting. After the program of the children, the film "Agriculture in Nodaway County" was shown. The ladies of the farm club and patrons of the school served a fine lunch composed of sandwiches, pickles, pie and coffee. The following is the program given:

Recitation, "Teddy."

Dialogue, "Which Felt the Worst."

Recitation, "Something to be Thankful for"—Lauretta Hanna.

Recitation, "Thanksgiving Dream"—Robb Laughlin.

Dialogue, "Doings of the Duffs."

Recitation, "The Last Word"—Iven McClurg and Mildred Hollensbee.

Dialogue, "The Whipping Johnny Didn't Get"—Bernice Hollensbee and Don Carmichael.

Recitation, "I am Very Young"—Drexal Gray.

Recitation, "Modest Boy"—Eddie Carmichael.

Dialogue, "Father's Poetry."

Recitation, "Johnny's History Lesson."

Dialogue, "After Thanksgiving."

Miss Elna Scott is teacher at Bloomfield.

After the program over a hundred chances were sold on a quilt and Miss Della McNeal drew a luncky number.

Miss Velda Kinard returned to her home in Sheridan yesterday after spending a few days at the home of her sister, Mrs. Mart Dalrymple.

TEXAS MAN ALLEGED TO HAVE BEEN KILLED BY NEGRO

Waco, Tex., Nov. 22—"We're going to fight mob rule with white blood," declared Ben C. Richards in charge of investigation growing out of the finding of Grady Skipworth's body at the foot of Lover's Leap today. Troops manned with rifles and machine guns are on duty at the jail today, but authorities deny that any arrests have been made.

Feeling has run high here since Naomi Boucher reported to the police that Skipworth had been killed and thrown over the cliff of Lover's Leap by a negro, as they approached the cliff. Miss Butcher says the negro then attempted to attack her but was frightened away. Posses have been searching all day over the county for the black.

Annual Meeting

The annual meeting of the Peoples Telephone Union of Graham will be held at the Peerless theater in Graham on December 5. All stockholders are requested to be present.

Complete Plans for Bazaar.

The women of the Pleasant Grove Church met yesterday afternoon at the church to sew and complete plans for the bazaar which will be held on the evening of November 30.

Left-Handedness Cured

Elizabeth, N. J., Nov. 22—An intensive campaign to cure left handedness among pupils in local schools here has resulted in a reduction from 250 to 66 since 1919. In the enrollment of nearly 13,000 this is slightly more than one-half of 1 per cent.

No Chance!

London, Nov. 22—"It's not true that my husband drinks. I put him to bed every night at nine o'clock," testified M. Quintin was knocking walnuts Margaret Wildsmith in the Marylebone Court.

Mrs. S. J. Wilard returned Monday evening from Craig where she had been visiting at the home of her daughter, Mrs. Maurice Stokes. She also visited relatives in Westboro and Mound City.

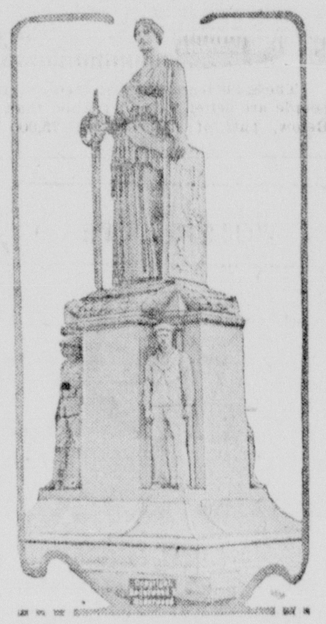
WASHINGTON DEBUTANTE

Miss Helen Campbell, daughter of Representative and Mrs. Philip P. Campbell of Kansas, who will be introduced to Washington society at a tea the afternoon of Thursday, November 23, at the family residence in Virginia.

UNVEILED AT DANVILLE



This handsome memorial to the soldiers of the World war was unveiled in Danville, Ill., on Armistice day. It is the work of Lorado Taft of Chicago. The entire memorial includes a concrete bridge across the Vermilion river and will cost $400,000.

SHE KEEPS ON WORKING

Although she has just been made heiress to $25,000 on condition that she marries, Miss Ruth Spanier of Corona, L. I., does not intend to give up the selling of bread, rolls and pies in her mother's store just to get the money. A few days ago she received information that she had been named as one of the beneficiaries in the will of her uncle. Miss Spanier, who is twenty-one years old, lives with her mother in Corona, where they have conducted a bakery since the death of Mr. Spanier last spring.

Tribute to the Apple.

No other fruit is capable of so much variety in service or presentation as is the apple. In the hands of a really good housewife, an apple can be made to do duty for almost any course of any meal. From the plain raw apple to that crowning masterpiece of all appledom, the apple pie, there are more dishes de pommes than have ever been counted. Think, for instance, of fried apples with bacon, of Brown Betty, of baked apples stuffed with nuts, of apple and cabbage salad, of spiced apples, and apple jelly, and fresh apple sauce with ginger bread, and apples and cheese—there's no end

Crusaders Knew a Good Thing

The Crusaders introduced buckwheat into England from Asia.

RED CROSS JOINS IN MOSQUITO CAMPAIGN

Two Texas Communities Are Rid of Malaria After Year's Work.

Two communities in the Southwestern Division infected with malaria have been rid of this pest in the last two years by the work of the American Red Cross, according to statements made by citizens of these communities. One of these sections is around Calvert and Hearne, Tex., where the Robertson County Chapter of the American Red Cross and the local health authorities worked hand-in-hand to rid the district of the malaria-spreading mosquito.

According to the official report of the work done in this district, the initial step in the campaign was the draining of all pools, ponds and depressions retaining stagnant water. This was done the first year. It required the opening of original ditches and other semi-engineering feats. Water impossible to drain was treated with crude oil at intervals during the summer of 1921 and bodies of water so located as to be too expensive for draining or oiling were stocked with Gambusia Minnows, a local product found in prolific quantities in that section, which is a deadly enemy of the mosquito larvae.

Inspectors were employed and periodically visits were made in a house-to-house inspection. These inspectors looked particularly to rain water, accumulations in open cans and other vessels, gutters, etc., and an oiler accompanied the inspectors, oiling all these waters. Particular attention was paid to old wells, cisterns and vats of various kinds. The results have been most gratifying; it is reported, and the mosquitos are almost completely eradicated from the locality.

A similar campaign in Cherokee County, Tex., had a similar result. During the early fall of 1921 a malarial survey of the county was made by the American Red Cross Chapter. A report was compiled and charts made showing the exact percentage of malarial infection in each school district. These findings were taken as a basis for the work, which has been extensive since its beginning. Two sanitary engineers, a physician and two public health nurses are in charge of the work of malaria control, under the general direction of J. A. LePrince of the U. S. Public Health Service and Bureau of Child Hygiene of the Texas State Board of Health and the Cherokee Chapter of the American Red Cross.

The campaign is too new as yet to report complete success, but gratifying results have been obtained and the malarial infection in that district is very much decreased over the conditions of the year previous.

APPRECIATION BY GOVERNMENT OFFICIALS

Probate Attorney Commends Red Cross For Work Among the Indians.

William Simms, U. S. Probate Attorney, in charge of the Indian District of Oklahoma, has sent the following letter to the Southwestern Division, American Red Cross:

"The activities of the Craig County Chapter, extending into Delaware County, Okla., have been of great value. Mrs. Myra T. Earhart, executive secretary of the Craig County Chapter, accomplished more good for the Indian soldiers in the one day when she extended her work into the adjoining county than has probably been done since the war.

"Mrs. Earhart and Mrs. Myrtle Griesham, the public health nurse of the Craig County Chapter, spent an entire day in Delaware County at my request and, believe me, those ladies had no time for recreation.

"Indian children were brought in to be inspected, weighed and measured and preparing the claims of disabled Indian soldiers was accomplished. These two women rendered such good service in this work that I am hoping that some day they will be able to get back to that county and furnish further help.

EX-SOLDIER GETS PENSION AND INSURANCE

Through more than two years of unwinding of official red tape and other efforts the Red Cross of Waco, Tex., has obtained compensation for permanent total disability and government insurance for a veteran of the World War. This soldier was wounded in a peculiar way. A piece of shrapnel which tore away the muscles of his back and injured his vertebrae also exploded his cartridge belt, thus inflicting an additional injury which required many operations and more than a year in the hospital, most of the time lying on his face.

The operations were not successful, the shock and other contributing causes caused heart trouble, all of which have made him a permanent invalid.

Through an error in his record, this soldier has been allotted only $27 a month and it required more than two years to correct the error and obtain for the man the compensation which was his due, as well as to obtain for him and his aged mother the insurance which also was coming to him.

MODART Front Lace CORSETS

Just why Women say---
"There is no other corset like the Modart"

Every woman might have a different reason, but every one knows just why she wears a Modart Corset. Some who are not so very slim place emphasis upon its gentle slendering effect. Others glory in its freedom and comfort. Those more slender mention "hollows" you'd never suspect, so cleverly are they concealed.

While all speak glowingly of its style and perfect fit, all praise no less sincerely the daintiness of the lovely garment itself. Being always laced in front, allows the adjustment of the lacing to suit the mood of the moment. A Modart Front Laced Corset has years of designing experience back of it—and when one woman finds her figure is improved by wearing a Modart she tells others and there are just that many more Modart customers. We want you to see some of these dainty new models in our store.

MODART CORSETS
Front Laced

Such a lovely garment, made with so much attention to the personal characteristics of each wearer, deserves to have a personal fitting—and should have one.

Our store makes it a policy to fit each Modart to the figure of the wearer. You see it on. You feel how perfectly it fits, without any obligation of any kind.

WARREN SPOOR WRITES FROM CLOQUET, MINN.

Cloquet, Minnesota, Nov. 17, 1922.
The Democrat Forum, Maryville, Mo.
Dear Editor:—

I will write you a few lines from Minnesota. I have been visiting here with my son, E. W. Spoor, for the past month. Since I have been here I have visited in Duluth, also as far out in the country as seventy-five miles in different directions. Duluth is the third city in population, in the state of Minnesota. It has a population of approximately 100,000 and is the county seat of St. Louis County. A county large enough to form a state, an area of 60,000 square miles. Duluth is the gate way to the great northwest, especially Minnesota the land of 10,000 lakes. The resources of this wonderful county are the white pine forest, also Spruce and Balsam, which is used when reduced to pulp for print paper.

Agriculture is also a great industry as well as the dairy business. There is at present near 100,000 bushels of potatoes in this county, without a market sufficient to justify the farmer to sell them at a profit on their production, hence many acres will not be dug. Last but not least, the iron industry is the greatest in the world. Anyway I am not the only person to make this statement. A few days ago a sulgrave party from England was touring this part of the U. S. and visited the iron mines of Hibbing and when commenting on their production said they were the most wonderful in the world.

Taxes are paid in Minnesota semi-annually and I give a few amounts paid into the county treasury at Duluth by iron ore companies. The last day of Oct., 1922, this is the second half of year taxes 1922. The largest individual check was received from U. S. Steel Corporation, $5,914,901.05. The Mahoning ore mine alone paid $614,901.88. I will give a few figures o fthe state treasurer report on royalties collected on Oct. 23, received from Oliver Mining Co. a check of $471,693 the largest ever received from any mining company, and is the payment of royalties on iron ores, mined on state lands, for the quarter ending Sept. 30, 1922. I may state this money is credited to the permanent state school fund. Nearly all of this ore passes through the docks of Duluth and Superior, Wis. and is transported to Cleveland, Ohio, Buffalo, N. Y., Pittsburg, Pa., and other manufacturing centers. The U. S. Steel Corporation has a steel plant within a few miles of Duluth, located on the St. Louis River near where it flows into the Great Lake, Superior. Here is where, what is called the model city, is located. The term is very appropriate. It is situated on the bank or valley of the St. Louis River, near the steel plant, it is occupied only by employes of the steel company and is exclusively owned and managed by the steel corporation. The streets are all maccadamized and most buildings are of concrete, and are covered with natural ornamental vines. Also yards and walks are a mass of ornamental shrubbery kept in first class condition, hence deserves its name, Morgan Park, the model city. Another unusual thing about this model city, it has only one entrance or gate way, on account of its natural surroundings and location.

I take notice of two wonderful improvements in Minnesota buildings, school houses and public highways. It is not unusual to see a new high school building just completed at a cost of $100,000 or more. There is a little city by the name of Barnum in Caralton County near Duluth, that had just finished a costly high school building four years ago, and before it was used the forest fire destroyed it. They have lately dedicated another one at a cost of $100,000. This attests to the fact they are not neglecting school opportunities in Minnesota.

As for paved roads in Minnesota, they are not coming, but are here now. I had the privilege of joining in a parade from Duluth to Eveleth, a distance of fifty-eight miles, and every inch of it re-enforced concrete as smooth as our sidewalks. There are many short sections of paved roads in this state and will soon be extended in such a manner as to connect all the principal cities of the state. The road bed is being graded and in some places finished from Duluth to St. Paul, a distance of 160 miles, and will in the near future, be connected. The people here are very enthusiastic about these highways and take great pride in celebrating their completion. Here in Cloquet, a city of 8,000, has just completed one mile of paving on Main street, which was celebrated Saturday, Nov. 4. The mayor and many others from Duluth took part in the parade and celebration. Cloquet is located twenty miles west of Duluth, on the St. Louis River in Caralton County. This river furnishes a large amount of natural water power by the construction of cement dams. Four years ago a forest fire almost wiped this little city (of then 9,000) off the map. So, like the great world war of destruction, the reconstruction days came for little Cloquet, and with renewed courage and determination the citizens have rebuilt a new and greater Cloquet, with fireproof structures, schools and municipal buildings, besides a line of resident buildings not to be a second class to any city of its size, in fact, a new city, and commends the compliment of all who chance to visit here.

There are 1,750 school children in Cloquet, including the township. More than fifty teachers are employed in their schools. The main high school building cost $250,000, one other will be finished in January at a cost of $135,000; also have two other school buildings at a combined cost of $150,000. The principal industries here are the white pine forests, four large saw mills, with a capacity of sawing 150,000 to 200,000 ft. a day. They have acres of lumber stacked in open for drying, after it is sufficiently dried, it is then put through their planning mills, manufactured into moldings, flooring, siding, drop siding, shiplap, lath, finish lumber, dimension stock, in fact, made ready for all building purposes, this being the greatest white pine forest in the United States. Their shipments go out by the hundred of carloads to the different markets, New York and elsewhere. Another industry is the paper plant, where they manufacture news print paper from spruce and fir timber. I do not know the capacity of the plant, but their shipments are by car lots. Also have a toothpick factory which makes use of the white birch timber. They also ship in car lots. They have a balsam wool factory here, now operating that makes wool of underwear for your home. Mother get busy and have it if they have to dress the children in woolen underwear. Anyway it is used between siding and lath, overhead, etc., and gives a good insulation against the extreme cold weather. There is also a wall board factory under construction which will do a commercial business when complete. A city like this, going through a cyclone of fire and emerging from a bed of ashes four years ago, is certainly deserving of the highest congratulations.

In conclusion will say any person contemplating a summer tour, would be pleased to visit Minnesota, travel over the good roads, see the great lakes as well as many smaller ones, fitted out with sports and accommodations to the satisfaction of any tourist. Any tourist visiting in Minnesota should not fail to visit Cloquet, Duluth and the wonderful iron mines a little farther north.

Now, pardon me, Mr. Editor, for such a long speal on Minnesota, and don't think I have gone back on old Missouri.

Yours respectfully,
WARREN SPOOR.

Senator Felton Commissioned

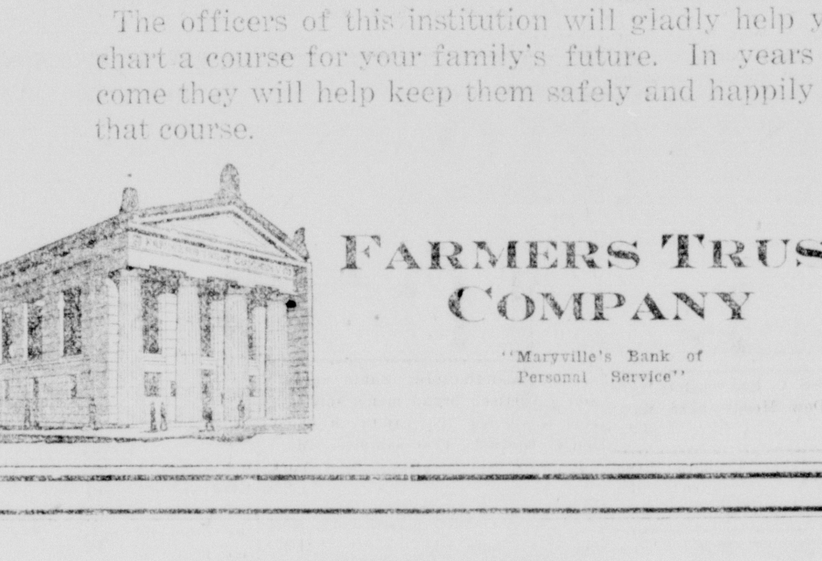
Following the presentation of her commission as senator from Georgia, Mrs. W. H. Felton, Georgia's "Grand Old Lady," was surrounded by hundreds of her townspeople at Cartersville, Ga. She is shown here receiving the congratulations of Mrs. Corra Harris, noted writer and a neighbor of Mrs Felton.

HALF DOZEN COPS ARE PERPLEXED BY CURFEW

Akron, O., Nov. 22—Now that Cuyahoga Falls, near here, has a curfew ordinance, police are wondering how to enforce it. The new law is supposed to keep children under sixteen off the streets after 9 o'clock p. m. There are more children under sixteen in Cuyahoga Falls than there are adults, and the police force consists of half a dozen cops, with two short at the present time.

WIFE TOO EAGER TO WED AGAIN; DIVORCE REVOKED

Akron, O., Nov. 22.—Because he discovered that the woman had given false testimony, Judge H. C. Spicer has revoked the divorce decree he granted to Mrs. Genevieve Gladwell, Thomas Gladwell, the husband, lives in Wilsonburg, W. Va. She accused him with running bureau with Jesse C. Heathorn, a year around with other women and said she her junior, waiting for a license, when intended to live with her sister after the divorce and never marry again. She was found in the marriage license bureau with Jesse C. Heathorn, a year she was invited to appear before Judge Spicer again. There she was told that the divorce had been wiped off the docket and that she was still Gladwell's legal spouse.



Holding the Course

HAVE you charted a course for those who some day will have to sail the sea of life alone? Have you made a will that will keep them secure on their voyage? Have you appointed an executor who is an experienced and able pilot?

The officers of this institution will gladly help you chart a course for your family's future. In years to come they will help keep them safely and happily on that course.

Why the Standard Oil Company's (Indiana) Business Is Successful

CONSUMERS buy petroleum products from the Company which serves them best. The Standard Oil Company (Indiana) has succeeded notably because it has given notable service.

The desire to render maximum service to the community has actuated this Company in every one of its undertakings over a long period of years. Proof that the service is being adequately rendered lies in the Company's sales sheets.

Lines of efficiency radiate from the Board of Directors through every department of the organization to the ultimate consumer.

First on the efficiency chart comes quality of product. To maintain this quality there has been organized modern laboratories where every product is chemically tested for the service it is designed to render. High quality once achieved is made a standard from which deviation is never permitted.

Sales and distribution also are organized to produce maximum results at minimum expense. This assures the consumer a dependable supply, and it guarantees that when he buys a Standard Oil Company (Indiana) product he is paying only a fair and equitable price for which he receives full value.

Every factor entering into the Standard Oil Company (Indiana) business, from the purchase of crude, its transportation to the Company's refineries, its manufacture into a large number of useful products, its distribution through an intricate network of main and sub-storage depots, tank wagons, and service stations, is developed with a single eye to serving the public.

Experience has proved that the most profitable business accrues to that organization which serves the public best.

LIBERTY DEFEATS SPRINGS YESTERDAY—SCORE 13-0

Will Play Benton Saturday And Then Maryville or Cameron on Turkey Day

One more team out of the race for the high school championship of Northwest Missouri. Liberty high school won a 13 to 0 victory over Excelsior Springs yesterday at Association Park in Kansas City. The game was scoreless until the fourth quarter when the Liberty boys got away for two touchdowns. One of these came when Pence, the Liberty fullback, smashed through the Excelsior line for a counter and the other when King, Liberty halfback, intercepted a forward pass and ran 40 yards for the other six points. Pence kicked one goal.

This victory entitles Liberty to play St. Joseph Benton at St. Joseph Saturday in the semifinal round. Then the winner will play the winner of the Maryville-Cameron game on Turkey Day.

Maryville and Cameron will meet in St. Joseph Friday. This game will also be a semifinal. As far as dope is concerned the teams are about evenly matched. Both have come through with a clean slate this season and both are "rearin" to take the championship. The Maryville team has done some nice work this year under the tutalage of Coach Lawrence and has already proved the fact that he is a coach worth while.

In the game with Stanberry last week the team was a bit off. They lacked the well oiled co-ordination that has featured their playing in some of the games and somewhere there was a lack of pep. This week, however, they have snapped out of it and are working much better.

Should Maryville defeat Cameron the final game for the association honors will be played Thanksgiving. Where it will be played is not known, but it is doubtful that it would be played in the home town of either of the teams.

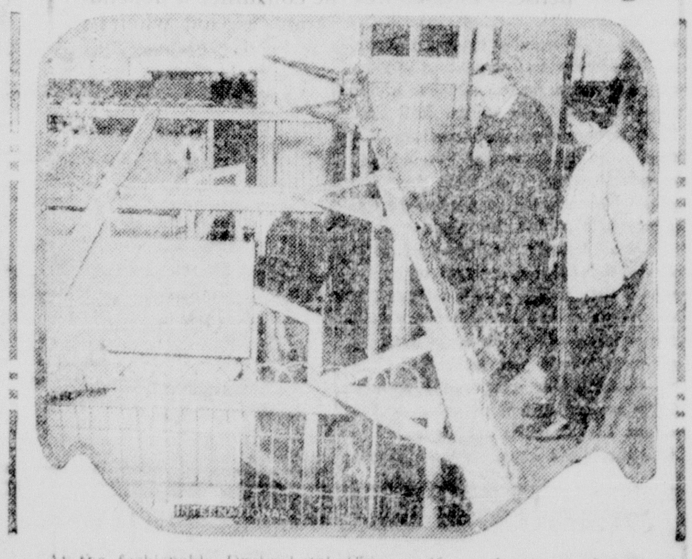
REARRANGEMENT OF KITCHEN LIGHTENS HOUSEWIFE'S TASKS.

New equipment is not always required to make home kitchens more convenient and less tiring to work in, says a report to the United States Department of Agriculture on extension agent work. Much can be done by rearranging the equipment already on hand, such as grouping objects commonly used in the preparation of food, or those used for washing or storing dishes, or articles belonging to the cleaning outfit. In many cases the attention of the housewife is drawn to the need of doing work requiring a good light by a window, or by having a good suspended light at night. One widely adopted improvement is that of giving old floors an easily cleaned surface. A number of simple contrivances can be made at home to lighten the housework, and frequently the farmer himself will assist by building shelves, a folding ironing board, dresser, wheel tray, and other labor-saving conveniences.

Improvements in farm kitchens are being carried on in practically all the states. Last year, through demonstrations given by extension workers, over 21,000 families are reported as adopting suggestions regarding home arrangement and management; 7,000 kitchens were rearranged, 5,000 water systems installed, 3,000 washing machines and 4,000 steam pressure cookers purchased 65,000 homes screened, 4,000 septic tanks installed, and 7,000 lighting systems placed in farm homes.

Rex Watson, son of Mr. and Mrs. Charles Watson of Sheridan, died yesterday at the home of his sister, Mrs. Mabel Colwell, in Leona, Kansas. Death was due to erysipelas and complications. He was 19 years old and since last summer had been employed in a restaurant in Leona and had made his home with his sister. The body will be sent to Sheridan for burial and is expected to arrive tonight or tomorrow. Funeral arrangements have been made.

Chicago Hotel Has Rooms for Dogs



At the fashionable Drake hotel, Chicago, if you happen to be a plutocratic canine you merely step up to the clerk, yelp politely and get assigned to one of the seventeen rooms for dogs on the eleventh floor. It is even possible here for a dog of refinement to secure a room with bath.

JUNIOR RED CROSS MAKES GOOD CITIZENS

Through It Children Learn Patriotism, Altruism and Generosity.

The Junior Red Cross exists for the purpose of making good American citizens. This statement was made by an eminent authority in a recent answer to the question, "What Is the Junior Red Cross?" In the United States there are 5,000,000 numbers of Junior Red Crossers and in the Southwestern Division the membership of children in this organizatio numbers 434,576 and here is some of the work these children do.

They support work in Europe to children who are in need. They send Christmas boxes of goodies to children who do not have them. They make shipments of garments abroad to the destitute children of war-crippled Europe. But this is not as interesting to Americans, perhaps, as the work which the Juniors do at home. One of the biggest problems in America today, according to experts, is the tremendous amount of malnutrition found among the children of this country. One-third of the children of America are malnourished, according to actual county. The Junior Red Cross, through its school auxiliaries and growth classes, is seeking to eliminate a large part of this malnutrition and has succeeded to a very gratifying extent.

The Junior Red Cross also is answering the question of how to eliminate individual, group, racial and international hatreds which exist among people today. The polyglot character of the personnel of the average American school gives an excellent field for work of this kind and foreign children as well as native-born Americans learn what good citizenship is in their Junior Red Cross activities even more than they do in the patriotic exercises of their school room work. Loyal and serviceable citizenship, that absolute essential to a great democracy, is being created in the breasts of these little foreign-born Americans through the Junior Red Cross activities as it never could be otherwise.

One of the helps to this is the work the children are doing for the disabled ex-service men in hospitals, for the sick and crippled children who need help and cheer. In equipping play grounds so that sad-eyed little children of the congested districts are taught the joy of a normal childhood. By learning to serve others in these and many other ways, lessons of community spirit and co-operation are taught the growing boys and girls of this country.

Another thing the Juniors are doing is assisting in the promotion of health in their communities by clean-up campaigns and other civil undertakings. On the whole, one of the most constructive pieces of work done in the Southwestern Division, American Red Cross, during the year, in the opinion of those who have studied the situation, is that among the children, which has been carried on through the Junior divisions of Red Cross chapters and the school auxiliaries of Junior members.

NURSE IN SOUTHWEST DIVISION COVERS BIG TERRITORY

Miss Mary Fitzsimon, Washington County (Arkansas) Red Cross nurse, is in charge of one of the largest territories covered by one individual in this capacity in the Southwestern Division. Ten towns are in her district and her work covers all kinds of ailments and illnesses, serious and simple, as well as general sanitation and health information.

The well people of one neighborhood in Washington County are particularly indebted to Miss Fitzsimon for having discovered a contaminated water supply which might have caused the illness of the entire community.

In cases where contaminated water supplies were not discovered in time, Miss Fitzsimon has been able to offer an anti-typhoid inoculation which has been so successful in the army as a means of stamping out this disease.

A group of trachoma cases discovered in July by accident is being successfully treated. The mother of this family already had lost her sight, but the other members probably will be not much the worse after the treatment is finished.

A number of ex-service men who have not received their compensation and other disabled soldiers who wanted assistance or vocational training also were cared for during the summer and spring.

JOHN KENNEDY JR. MAKES GOOD MONEY IN PIG CLUB

Parnell Boy Clears $121 in the Pig Club From Purchase of $20 Sow.

John Kennedy, Jr., who was one of the members of the Parnell Purebred Pig Club this year, has a nice balance in the bank, to show for his summer's work in the pig club. Last January, John bought a sow for $20. The sow raised a litter of pigs which he sold in the Purebred Pig Club sale at Parnell, October 28. John's statement of expenses and receipts which follows shows how he made a profit on his hogs.

Expenses.	
Jan. 1, 1922, sow	$20.00
Corn	$19.95
Tankage	9.60
August 8, vaccination	3.50
October 5, pedigrees	10.00
October 28, sale expense	1.84
Total expenses	$64.89
Receipts.	
Oct. 1, sow	$ 30.00
Oct. 28, three gilts	102.00
Oct. 28, one boar pig	17.50
One pig sold on the market	20.00
Premiums	16.50
Total receipts	$186.00
Profit and labor income	$121.11

John bought his purebred sow at a very reasonable price. Evidently she was not one of the fancy bred kind, but the prices he got for the pigs raised from this sow go to show that there is often quite as much in a careful feeding and management as there is in fancy pedigrees, according to John's way of thinking.

"Dance And Stay Young," Says A Famed Ballet Girl

By Edna Huber Church

London, Nov. 21.—Dance your way through life and forestall old age.

Lydia Lopokova, premier danseuse of the Russian ballet, gives this advice to all of her sex.

"There is no other way to keep one so young and fit as dancing," the little sparkling dancer said. "It is art and athletics at the same time."

Lydia has gone a long way since her first and last performances in America. Some eight years ago she went to America an unknown ballet dancer with a desire to become a famous actress. She had her first opportunity as an actress with a permanent stock company in Pittsfield, Massachusetts, but her lack of knowledge of the language was a great drawback to her and she returned to her dancing, to win fame along Broadway. Then she came back to Europe with her American laurels and has steadily pushed forward until to-day London, at least, accepts world, and wherever and whenever she world, and wherever and whenever she appears the theatre is stormed by those who wish to admire her art.

"You ask me if I would advise ballet dancing as a career for girls," Lydia said. "I say yes, providing the girl is well made, has a certain amount of talent and is determined to work hard.

"But few people realize how hard a ballet dancer's life is. She must give all of her time and energy. For years, ity, it is in no way harmful to the female body."

from the age of nine, if possible, she must go through a long and difficult training.

"If the aspiring dancer does not love dancing for its own sake there are many obstacles to keep her back from perfection and success. There is so much experience and tradition behind it that, in spite of its exhausting activ

LONDON IS POLITEST OF ALL CITIES, SAYS MRS. HOOVER

"I Think Londoners Are More Polite Than People of Any Other Town Or Country"

London, Nov. 22.—"I think that Londoners are more polite than the people of any other town or country in the world." In these words Mrs. Herbert Hoover, of North Canton, Ohio, who has just completed a 2,000 mile automobile tour of Europe with her husband, summed up her impression of London and Londoners.

"The taxi drivers and the waiters I think here are the personification of politeness—and so very smart," she told an International News Service representative. "I think that it is a shame that Paris should spoil its beautiful streets with those shabby, broken-down cabs and their drivers, who look as if they had stepped out of a coal mine.

"I think that the English men are just wonderful," she continued.

"The average American woman is better groomed than the average English woman, I think; but I do not think it is so with the men. It appears to me that the Englishman does not allow his business to interfere with everything else, as the American man does.

"I think though, that the average English woman must be very good natured. For instance, the other night at the theatre a man puffed cigar smoke struck matches in our faces all evening. If he lighted his cigar once he lighted it a hundred times. Matches, cigar and cigarette ends were everywhere.

"In America, as you know, the club women would start a movement against such a thing—and carry their point.

"Perhaps the men behave so because they are used to their women smoking in public. Although women smoke a great deal in America I have never seen one light a cigarette and walk into a public dining room like they do here.

"On the whole," she declared "I think that London is 'the' city of Europe, both as regards politeness and cleanliness."

A marriage license was issued today to A. L. Judd of Denver, Colo., and Lena Viltoria Pearson of Barnard.

OHIO SCHOOLS TREASURED COPY OF MAYFLOWER COMPACT

Cuyahoga Falls, O., Nov. 21.—A framed copy of the "Mayflower Compact" has been presented to the local public schools by the Ohio Department of the Society of Mayflower Descendants, through its only Falls members, Charles Howland.

Authorities term this the first agreement between colonists. The compact was written after the Pilgrims anchored off Cape Cod in November, 1620. They were unable to proceed southward because of the severe weather. As they had no authority to settle on the New England shore some of their servants threatened mutinty if the newcomers stopped at what is now Provincetown Harbor.

In the cabin of the historic ship the Pilgrims drew up and signed this agreement declaring themselves "loyal subjects" of the king and affirming their purpose of making laws for the "general good of the colony."

The copy is printed in Old English script, with the names of the signers appended. The border consists of the May flower, or trailing arbutus, with a picture of the venerable vessel in the centre. The gift was followed by a series of faculty lectures on the instrument.

Howland traces his ancestry nine generations back to the old Plymouth Colony, and four of his forebears were signers of the original compact. His sister, Miss Delia quarters of the department are at member of the organization. Head quarters of the department is at Cincinnati, and Howland says Charles P. Taft once served as president.

NEW YORK DECLARES WAR ON GENUS "JAYWALKER"

New York, Nov. 22—This city has declared war on "jaywalkers." The Bureau of Public Safety, a new branch of the Police Department, is now considering a proposal to chart the city streets into prescribed lanes, by means of painted lines, through which motorists and pedestrians will be compelled to move. The movement is based on the overwhelming number of persons killed or maimed every year by being run over by vehicles at street intersections.

RED CROSS RECEIVES CALL FOR FIFTY COMFORT KITS

Chapter To Furnish Material and Kits Will Be Made By Ladies Auxiliary V. F. W.

The Nodaway County Chapter of the American Red Cross has been asked to furnish fifty comfort kits for U. S. Marines stationed in Santa Domingo and Haiti. This request was made in a letter which was received from Starr Cadwallader, manager of the Southwestern division.

These kits will be furnished according to Miss Betty Turner of the Nodaway County Chapter, by the Red Cross. The material and the contents of the kits will be furnished by the chapter and the kits will be made by the Ladies Auxiliary of the Veterans of Foreign Wars. The material has already been purchased and the members of the auxiliary will begin work tomorrow afternoon.

The contents of the kits are a towel, wash cloth, soap, comb, tooth brush, pencil, two handkerchiefs, pair of shoe strings, and a housewife containing needles, thread, buttons, safety pins etc.

The call which came for these kits was received Saturday and the kits must be completed and shipped by December so that necessitates immediate action. However it is being tended to in fine shape.

Excerpts from the letter from Mr. Cadwallader follow:

"At Santa Domingo and Haiti a group of marines are stationed on outpost duty. At the Christmas season it has been the custom and privilege of the Red Cross to present these men with comfort kits. To many the American Red Cross is still the Greatest Mother and they depend on her to provide the few comforts that make their task less arduous.

"Your chapter has always been one which has been depended upon to meet emergencies so I am appealing to you, suggesting that you fill fifty kits.

"These soldiers are representatives of your government and there is no service that the Red Cross could render that could bring a warmer appreciation to the hearts of our soldiers than this remembrance by the Greatest Mother."

HOOVER HOPES 10,000,000 WILL ANSWER ROLL CALL

An appalling situation of suffering, involving hundreds of thousands of people who have been forced to flee from their homes in the Near East and to seek refuge in lands already burdened with care, has emphasized to the people of this country that the American Red Cross is our National Emergency Fund with which to meet great crisis in disaster. The accentuation of the fact is the greater in that the particular calamity now appealing to humanity has fallen just in advance of the American Red Cross annual Roll Call.

The resources of the American Red Cross must be annually replenished through the Roll Call. This year the summons is seconded by a concrete emergency of the kind that is ever liable to be precipitated upon the world. It is impossible for the Red Cross to be dependent on a public appeal for specific objects because when emergency and disaster face us we have no time to wait until funds can be raised. The Red Cross is our every-ready agency for responding to call of calamity the moment the alarm is sounded.

The American Red Cross should have a minimum membership of 10,000,000 in order that its reserves may be equal to our domestic and our foreign emergencies in humane purposes. In the light of my experience in relief work throughout the world I feel it a duty to express my personal hope that the people of America will show their confidence in their Red Cross in the Roll Call in unmistakable terms. Let's all get behind the Red Cross and give it 10,000,000 members for its great work.

(Signed) HERBERT HOOVER.

HAM AND BACON SHOW TO BE FEATURE OF FARMERS' WEEK

The Ninth Annual Ham and Bacon Show will be held during Farmers' Week, January 15-19, 1923, at the University of Missouri, Columbia. The State Board of Agriculture has allowed $175 cash premiums and $50 for a trophy cup for the best county exhibit. No entry fee is charged and the only restriction is that the meat must have been cured on a Missouri farm. Entry blanks may be had by writing the Secretary of the State Board of Agriculture, Jefferson City, Mo., or A. T. Edinger, superintendent of the Ham and Bacon Show, College of Agriculture, Columbia, Mo.

CONTINENTAL BUYS MORE IOWA PLANTS

Company Owning Maryville Light Co., Has Acquired Several Companies.

(Clarinda Herald.)

The Continental Gas & Electric Corporation of Omaha of which Rufus E. Lee is president and which company owns the Maryville Electric Light & Power Co., continues acquiring more electric light properties, having made a big deal several weeks ago with the Union Power & Light Co. of Omaha, whereby it secured seven additional plants to their already large system.

The properties ranged in three states, Iowa, Nebraska and South Dakota, being at Chariton and Osceola in Iowa, Columbus and North Platte in Nebraska, and Aberdeen, Watertown and Yanktown in South Dakota, with a total population of 50,000 in these towns. The consideration in the deal was $5,500,000. The Continental people have added still another plant to their system, this at Lincoln, Nebr.

The consideration in the deal is reported to be around $17,000,000.

The Maryville plant is the best thing for Clarinda. The high line between Braddyville and Clearmont will be constructed this coming summer, and the Clarinda plant will supply Maryville with juice during the day time, as has been the custom with the other plants of the system in Iowa. Just now the Clarinda plant is not pulling its full capacity as the others have to run in order to supply the needed steam heat, but when that season is over the Clarinda plant will be back to its summer job—supplying the juice half way to Omaha.

FILES APPLICATION OF HABEAS CORPUS FOR 4 CHILDREN

An application for a writ of habeas corpus for the return of the bodies of Glola L. Ashworth, Maxine E. Ashworth, Darril Ashworth and Emery D. Ashworth, minors, being 9, 10, 12 and 13 years old respectively, was filed today by Lula Boring. The application states these children are restrained of their liberty by Roy Ashworth, who is not a fit and proper person to keep them.

TOO MANY POLE KITTIES; COLLEGE GIRLS STAY IN

Auburn, N. Y., Nov. 22—No more star-gazing walks for Aurora College maids these Indian Summer nights.

The ubiquitous mephitis mephibica holds the answer.

Yes, ma'am, that means skunks.

So thick is the skunk population in Cayuga County this Fall that it's dangerous to stroll abroad in the moonlight.

WIFE RETURNS $1.50 RING; HUSBAND ASKS DIVORCE

Akron, O., Nov. 21.—When her husband left her Mrs. Nina Petitt, of Erie, Pa., sent his wedding ring back to him because she couldn't raise $1.50 on it at a pawnshop. She sent a letter along advising him to save $1.50 if ever he needed another wedding circlet.

This is the burden of the complaint in Alfred E. Petitt's divorce petition filed in Akron.

BANDITS HOLD UP TRUCK AND ESCAPE WITH 1ST CLASS MAIL.

Chicago, Nov. 22.—Kidnapping the driver of a government motor truck, four drivers this morning rifled the mail and escaped with loot, the amount of which is unknown.

There were 450 pounds of first class mail in the truck. Wm. Hogan, the driver, was released by the bandits an hour after the robbery.

Duck Egg Record.

Bentley, Suffolk, Eng., Nov. 22—An Indian runner duck has laid 350 eggs in 365 days, creating a new egg-laying record for English ducks.

ALL ABOUT BUTCHERING

Free Publications Tell How to Dress Beef and Pork.

Home-killed meats occupy an important place on the farm table, and there is always a great demand for information on home butchering. The Missouri College of Agriculture has two publications available for immediate delivery free of charge to persons needing help in any of the problems connected with the home butchering and curing of both beef and pork.

In these circulars directions are complete and are made plain by numerous illustrations showing just how the meat is hung, cooled, cut up and prepared for curing.

Experiment Station Circular 85 tells how to handle a beef—from killing to canning. It shows by diagrams the different cuts of beef and tells the best way to handle each cut.

Extension Service Circular 42 gives complete directions for hog butchering and pork curing. Both these circulars may be obtained free by addressing the College of Agriculture at Columbia.

RED CROSS ROLL CALL

The Red Cross is spending TEN MILLION DOLLARS a year to help the disabled ex-service man and his family.

Annual Roll Call

November 11—Dec. 1.
